Office of Senior Surgeon, Mysore Govt.,

Dated, Bangalore, 28-6-1909

From

Lt.-Col. John Smyth, M.D., I.M.S.,

Senior Surgeon with the Government of
H. H. the Maharaja of Mysore, Bangalore.

To

C.S. Balasundaram Iyer Esqr., B.A.,
Offg. Secretary to the Govt., of H.H. the
Maharaja of Mysore, Genl.& Rev.Deptts.,
Bangalore.

Sir,

I have the honor, with reference to Government Proceedings No.10348-9/Med.192-08-2, dated, 19th April 09, to forward copy of letter No.1585, dated, 13-5-1909, from the Medical Officer in charge Victoria Hospital, Bangalore, and to say that I agree with him in general, but the resources of Department do not permit of his ideals being realised. He has however amply demonstrated the necessity for the 2 additional Hospital Assistants on the permanent staff and the attender in the X-Ray room.

I have the honor to be,

Sir,

Your most obedient servant,

M.D.
Lt.Col.I.M.S.,
Senior Surgeon, Mysore Government.

General No. G. 809
No.

Enclosure No.

SUBJECT.

Amnt of the additional
men required on the
permanent staff of the
Victoria Hospl.

Letter No. 1585 dated 13-5-1909 from the Medical Officer, Victoria Hospital, Bangalore, to the Senior Surgeon Mysore Government, Bangalore.

With reference to your No. 6181 dated 29-4-1909 forwarding copy of Government Pro. No. 10,348-9/Med.192-08-2, dated, 19-4-1909, sanctioning the appointment of two extra Hospital Assistants on the permanent staff of the Victoria Hospital and calling for fuller particulars regarding the necessity for increasing the permanent staff of four Hospital Assistants by the addition of two on Rs. 25/- each, I have the honor to submit that Hospital Assistants are required for the undermentioned charges and sub charges.-

(i) one for the sub charge of surgical wards of 48 beds.

(ii) one for the sub charge of medical wards of 40 beds.

(iii) one for the sub charge of Female Wards, combined medical and surgical, of 44 beds.

(iv) one for the ~~sub~~ charge of male compounding room.

(v) One for the charge of male out-patients surgical cases dressing room.

(vi) one for registering prescriptions of male out patients and to be in charge of statistical work of the Hospital.

(vii) one to be in charge of female compounding room.

(viii) one to be in charge of female out patients' surgical cases dressing room.

(ix) one to register prescriptions of Lady Medical Officer.

(the last three Hospital Assistants to be preferably Lady Hospital Assistants, if available).

(x) one to be Registrar of medical and surgical cases.

(xi) one to be in charge of clinical bacteriological work.

(xii) one to assist the Specialist in attending to Nose, Throat and Ear cases among Out patients on Mondays and Thursdays, to be otherwise employed on other days.

2. There are only four Hospital Assistants at present on the permanent establishment of the Victoria Hospital and they are employed as follows:-

(i) one in charge of clinical bacteriological work.

(ii) one in charge of registration of medical & surgical cases.

(iii) one in charge of statistical work of Hospital and registration of prescription of male out patients.

(iv) one in charge of female wards.

The duties of the various sub charges detailed in para 1 of this letter, for which permanent hands are not sanctioned, are often performed by Hospital Assistants, who are posted temporarily for duty in this Hospital; when temporary Hospital Assistants are not available, as it very often happens, dressing of surgical cases among out-patients is to be unavoidably entrusted to Surgery Coolies male and female, and compounding to Compounders.

3. If all the subordinate charges enumerated in para 1 of this letter are filled up by permanent hands there will be no necessity for increasing the number of Hospital Assistants in this Hospital.

4. There are only six houses built for Hospital Assistants in this Hospital, the other six that are specified above, if posted, will have to live outside the Hospital.

5. If 12 Hospital Assistants are posted to this Hospital in rotation for a period 12 or 18 months, a large number of Hospital Assistants will have a chance of being posted to this Hospital and allowed ample opportunities of witnessing and learning as I have already reported in my letter No. 114 dated 29th July 1907.

6. The duties of the Hospital Assistant in charge of registration of medical and surgical cases, and of the Hospital Assistant in charge of clinical bacteriological laboratory, ought to be in charge of Medical Officers with higher qualifications than Hospital Assistants, and I therefore request that junior medical officers, if available, may be posted for these duties.

<u>An Attender on Rs. 20/-</u>

7. The services of an intelligent english knowing young man who could be easily trained to assist in X- Ray work, are necessary to assist the Resident Medical Officer, who is in charge of the X Ray work in addition to his-own

other

other duties.
